

Application No. 10/781,140
Amendment Dated January 3, 2006
Reply to Office Action of October 3, 2005

REMARKS

The Applicant respectfully requests entrance of the above amendments which place the application in condition for allowance. In particular, the Applicant herein attempts to comply with the Examiner's suggestion (on page 2 of the 10/03/05 Office Action) that the rejections against Claims 1 and 11 could be overcome if amended "to specify fastener tabs or fastener projections next to the lugs." As amended, Claims 1 and 11 now each recite fastener tabs next to (or adjacent) the lugs.

Reconsideration of this application as amended is respectfully requested.

It is believed that this application now is in condition for allowance. If not, the Applicant respectfully invites the Examiner to contact its undersigned representative to discuss whether opportunities exist to advance the application toward allowance.

The Patent Office is authorized to charge or refund any fee deficiency or excess to Deposit Account No. 04-1061.

Respectfully submitted,
